

OPEN HOUSE

October 7, 2010

Purina Farms and the new Purina Event Center will host an open house for all dog agility enthusiasts on October 7th from 2:00 PM to 8:00 PM. **YOU ARE INVITED!** It is open to all competitors entered in the October 8-10 trial as well anyone who would like to acclimate their dog/dogs to the new surface. There is no charge.

Here is the basic format:

- 1 - There will be two courses available - Standard and JWW.
- 2 - In addition there will be one or two small sequences available outside of each ring to familiarize your dogs with the surface before running a course.
- 3 - There will be a 5 minute WalkThru at the beginning of each hour.
- 4 - You will be allowed one minute for each run.
- 5 - Each dog will be limited to two runs (one on each course) unless there is extra time available during which no team that has not yet had two runs is signed up.

It is likely that if additional runs are available, it will be earlier in the day so plan accordingly if you think that additional ring time will benefit your dog. Please plan on coming early and staying for a while to help if you can as more runs will be available if we can keep things moving.

We found that the teams who spend a few minutes on short sequences outside of the ring familiarizing the dogs with the surface adapted best on course.

See you there!
